

**“Hark the Fighting People Sing”**

**(sung to the tune of “Hark! The Herald Angels Sing”)**

v. 1

Hark! The fighting people sing --

“Listen to the news we bring!”

Peace on earth and mercy mild

Black and Human reconciled

Joyful, all Black people rise

Then no more we'll hear Trump's lies

Here, together we proclaim:

We will always say their name

Hark! The fighting people sing --

“Listen to the news we bring”

v. 2

Trump's despised at home and abroad

He's a racist, liar, and fraud

He thinks women should be seen, not heard

We can't trust a single word

He cheats the workers of Trump Tower

We won't recognize his power

Though January twenty is near

We will never live in fear

Hark! The fighting people sing –

“Listen to the news we bring”

[Repeat v. 1]
